

12 JUNE 2023

***Study Mission on
Smart Manufacturing in Malaysia
Courtesy Visit of Technical Service Team, APO COE on SM Mission to
Malaysia,
10th July -14th July, 2023***

Dear Sir/Madam,

Greeting from Taiwan!

We would like to take this opportunity to thank you for your kind support to the COE SM ever since its establishment. Over the past years, we know MPC pull out all the stops to promote smart manufacturing in Malaysia. Therefore, we do hope that the CPC and MPC can work closely together on successful smart manufacturing collaboration program in this year.

In the last few years, we understand Malaysia companies needs on SM skills and they are under even greater pressure to drive Net Zero Emissions at the same time. With the governments to lift travel limit policy in 2023, we wish to explore the opportunity for SM with MPC by visiting Malaysia. Therefore, we'll arrange two visits in this year, the first visit will be scheduled for July 10th-14th.

During the visit, we expect to exchange experiences with MPC and views on smart manufacturing with the organizations to be visited, try to understand the smart manufacturing system implementation situation in SMEs and to discuss details of future cooperation on applying for an APO demonstration program. In this regard, we would like to ask for your assistance in the following:

1. Visit to Malaysia Productivity Institute (MPC) –

Discussion between MPC and CPC on possible partnership and collaboration and identify the needs of the technical assistance on promoting the smart manufacturing.

2. Visit 2 companies to explore the possibility for an APO demonstration program –

If these Malaysian SMEs are interested in Smart Manufacturing Systems or Hardware upgrade services, we would like to collaborate with MPC to assist companies develop smart production through the implementation of the APO demonstration program and set up a Taiwan-Malaysia cooperative smart manufacturing demonstration station in Malaysia.

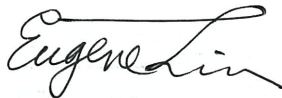

3. Van Rental & interpreter –

We would like to rent a Van (6-7 passengers, exclude driver) and hire a Chinese-English/Malay interpreter during the visit. Please provide us with the quotation from MPC along with the interpreters' background. CPC will reimburse to MPC after the visit. Thank you in advance for your kind assistance.

Attached please find the tentative program and schedule for your reference.

Should you have further enquiries, please feel free to let us know.

Thank you and best regards,

Eugene Lin

Director, Central Regional Office,
China Productivity Center
Rep. of China
