Subject: [Seeking KE & MPC Nomination] APEC Capacity Building Programme: Increasing Residents' Income in APEC Economies Through Structural Reform

Dear Mr. Moktar and Ms. Wan Fazlin,

Greetings from the Ministry of Investment, Trade and Industry.

For your information, China will be organising an APEC capacity building program titled "Increasing Residents' Income in APEC Economies through Structural Reform" in Beijing, China, from 18-19 August 2025. The key objectives of this program are to:

- Identify structural reform tools that can help APEC economies promote income growth, improve the quality of life, and create a resilient and sustainable future for all.
- Support the third pillar of the Enhanced APEC Agenda of Structural Reform (EAASR), which focuses on ensuring equal access to opportunities for more inclusive, sustainable growth, and greater well-being for all societal groups.

This program aims to help APEC economies learn from each other's advanced experiences, thereby promoting the implementation of EAASR to expand the middle-income group in the APEC region. As an APEC travel-eligible economy, Malaysia has been offered two APEC-funded participant slots for this program. You can find more information in the attached General Information Circular.

Considering the relevance of the program's objectives to the current work of the Ministry of Economy and the Malaysia Productivity Council, MITI would like to offer one APEC-funded participant slot to each of your offices for nomination. We kindly request the Ministry of Economy and the MPC to nominate an official and return the completed nomination form (attached) to us by **Thursday, 10 July 2025**.

Should you require further clarification, please do not hesitate to contact the undersigned.

Your attention to this matter is highly appreciated.

Thank you.
