

EXECUTIVE SUMMARY

TITLE	:	STRATEGIC FACT-FINDING AND BENCHMARKING: TALENT DEVELOPMENT AND WORK-INTEGRATED LEARNING FOR AKADEMI DALAM INDUSTRI (ADI)
OBJECTIVES	:	• To identify and analyse best practices in Work-Integrated Learning (WIL) implemented by leading institutions such as the Technological University Dublin, NCPC, and the Department of Further and Higher Education, Research, Innovation and Science, Ireland with a focus on models that integrate industry collaboration and productivity enhancement; • To benchmark innovative educational strategies and frameworks that can strengthen Malaysia's Akademi Dalam Industri (ADI) in aligning academic learning with industry requirements; and • To foster international collaboration and knowledge exchange through participation in the 10th International Education Conference, thereby promoting innovation-driven approaches in technical and vocational education.
EXPECTED OUTCOMES	:	• The integration of WIL principles will contribute directly to the High Growth High Value (HGHV) sectors such as Electrical & Electronics (E&E), Green Technology, Digital Economy, and Healthcare where technical skills, innovation capabilities, and productivity-oriented learning are crucial to sustaining competitiveness and national economic transformation. • Comprehensive benchmarking report and recommendations outlining key European practices adaptable to the Malaysian ADI model, particularly in productivity-based and industry-led training. • Enhanced framework for ADI's work-integrated learning implementation, integrating lessons learned on curriculum innovation, institutional partnerships, and learner competency development. • Established international networks and collaboration opportunities with European education and training institutions to support continuous improvement and global alignment of ADI initiatives.
DATE & VENUE	:	4 – 11 December 2025
DELEGATES (S)	:	MPC
ESTIMATED COST	:	Development Budget = RM 157,850.00
BUDGET	:	E&E (TnP & AiF)
