

**KERTAS CADANGAN UNTUK PERTIMBANGAN
LEMBAGA PENGURUSAN MPC (BOM)**

TAJUK <i>Keterangan: Tajuk Projek/ Cadangan</i>	New Deals for Business: Reducing Unnecessary Regulatory Burdens
TARIKH/ GARIS MASA <i>Keterangan: Jadual mula dan akhir pelaksanaan projek/ cadangan</i>	January – March 2023
TUJUAN & LATAR BELAKANG <i>Keterangan: Tujuan dan penerangan ringkas mengenai projek</i>	Objective: To reduce unnecessary regulatory burden on businesses through reviewing regulations with the aims to ensure the efficiency and effectiveness of existing regulations and identify priority areas for improvement. Background The Malaysian Productivity Corporation (MPC) is entrusted with the responsibility of conducting continuous annual regulatory reviews to assess the quality of existing regulations and identify unnecessary regulatory burden on businesses due to government-introduced regulations. MPC will conduct a comprehensive review of all regulations periodically every five (5) years, starting with a focus on regulatory burden in the manufacturing sector. In the following years, MPC will sequentially report on other sectors, namely the service sector (second year), construction (third), and agriculture (fourth). The fifth year is dedicated to a review of overall generic regulations for the entire economy that have not been addressed. The focus of each review activity is related to the 10 topics based on the Business Ready (B-READY) framework by the World Bank. This inline with establishment of Special Task Force to Facilitate Business (PEMUDAH) with the aim of addressing bureaucratic complexities and improving the quality of business regulations to boost Malaysia's productivity, competitiveness and economic growth. PEMUDAH plays a crucial role in streamlining regulations and fostering a more business-friendly environment in Malaysia.

JUSTIFIKASI Keterangan: Penjelasan yang menyokong kepada pelaksanaan projek/ cadangan	The regulatory review is needed because of: i. Some regulation is burdensome, outdated, complex or excessive; ii. Overlap roles of regulatory bodies at the state and local government level; iii. Regulatory inconsistency across jurisdictions; and iv.
